Moore Family Fund Now Totals \$55.00: Donations Received

The Times-Mirror fund started esterday for the purpose of providing assistance to the Roy Moore family, whose home at Myers Hollow, near Hemlock, was destroyed Tuesday by a fire which claimed 3-hour study-training sessions to the lives of two small children, toditional contributions were receiv-

Included in the amount received today were anonymous gifts of \$25.00 and \$5.00, while the Warren County Chapter, American Red Cross, contributed \$10.00 to the fund, and Wills and Company,

Any person desiring to contribute to this fund may do so by send-ing the contribution to the Times-Mirror office. It was reported today that funds

for this family also are being raised by other groups

Camp Ripley. Minnesota, it may be stated, is the only other state-owned military reservation in the

The place got its name about two centuries ago but it didn't get a reputation until the more recent wars around the world.

Back in the French and Indian and Revolutionary wars, the wide, picturesque valley was put to the same purpose—training citizens into soldiers.

Since the commonwealth purchased the tract a decade ago, it has become nationally known. All the soldiers of the Third Corps area-Regulars and National Guardsmen-maneuvered there in 1937.

The main site—8,000 acres—is about five miles long and two miles wide, lying at the base of Blue Mountain, so-called because of a haze that almost always tints it. This is the main camp, the eastern boundary marked by Indiantown Gap (through Blue Mountain) and the western terminus approximately Swatara Gap. On the other side of Blue Bountain -in a wild, overgrown valley hemmed in by Second Mountain—is the 6.000-acre artillery range that will be taboo, during the next year, for the hunters and fishermen.

With completion of the building program—barracks, mess halls, warehouses, administration and recreation buildings and a 700-bed hospital—the reservation will have about 1,000 buildings.

All the necessary facilities will be ready when the first of 11,000 men of the 28th Division, including Company I of Warren, start flowing in from home armories a week from Mouday.

The School Music Boosters' Club made a splendid selection in choosing W. H. Cannon to carry on the commendable work of its first president Don E. Folkman. It is interesting to note that the club in the first twelve months of its existence raised a total of \$1,600. In spite of purchases of equipment, and other expenditures the organization, we understand, still has a substantial sur in the treasury. With enthusiasm and interest increasing each succeeding meeting the new officers may face the new year confident that the record of their predecessors will continue manterrupted.

Officers of the Warrer County Girl Scout Couned are to be commended for their decision to heed the request of national headquarters that the organizano no its par in the great national defense prograv. ### CRANIUM CRACKERS TOMORROW'S BIRTHDAYS

HISTORIC SLOGANS How well do you know American history? Here are five slogans which were popular at various times in the history of the United States: can you tell with what period or event they connected?

1. Too proud to fight. 2. To make the world safe for democracy. 3. You shall not crucify

kind upon a cross of gold. 4. Forty acres and a mule. 5. Remember the Alamo. Answers on Page 6.

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

Flush Out Poisonous Waste

If you have an excess of acida in your blood, your 15 miles of kidney tubes may be overworked. These tinv filters and tubes are working day and night to help Nature rid your system of excess saids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause bagging backache, rheumatic pains, leg pains, less of pep and energy, getting up nights, swelling, puffinees under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### A Washington Daybook

By JACK STINNETT

WASHINGTON—Answering the mail orders:

Mrs. T. R. M. Randania

Mrs. T. R. M., Bentonville, Ark .- This must, I am sorry to say, be a sorry answer, for there is no "consensus" in Washington as to when the war might end. By breaking your question in two, and giving two extremes of thought, I can give you something . . . but I doubt if & you could find any general agree-

ment here to either conclusion. (1) The Axis itself has warned (and U.S. army and government officials, as well as British officials here and in England seem positive the warning is true) that there will be a big push against the British Isles this spring—that is, between now and the last of May. Nazis and Nazi sympathiz-ers think this "blitz" will be suc-cessful and that it will be accomplished in as short order as was the drive over Holland, Belgium and France. This will, they believe, end the war in its major amphitheater, leaving only the mopping up, consolidation of conquered countries, establish-

ment of governments under the

"new order," etc.
(2) Great Britain, its officials and laymen, its sympathizers, and a great many American observers think that this "blitz" will not be successful and who, after studying the production charts here and in England and Canada as well as those in Axiscontrolled lands, say that Great Britain will be ready to take the initiative by the spring and sum-mer of 1942. Holding to the theory that an offensive from without will be accompanied by collapse and revolt from within the Axis, these persons contend that the British offensive will not have to be of long duration andthat within two years the world will be ready for a peace nego-tiated on the terms of the democracies. Many of the members of this latter school of thought insert the important proviso: namely, "provided the United States can give sufficient aid in sufficient time."

Understand, of course, that these are not two well-defined opinions which divide war observers into two camps. By far the greater number of Washingtonians, big and little, to whom I have talked haven't the foggiest notion when the war will end. It is worth recording simply because the only two expressions

which involve any definite time element are either "this fall" or "the fall of 1942."

Mrs. G. M., Monrovia, Calif.— There are so many ways for in-school and out-of-school youth to get pre-employment training for defense industries that it is almost impossible to cover the field

in detail, but here's an effort: General and specific pre-employment courses are offered in nearly every locality through the state boards for vocational education, and inquiry should be addressed to them. The general courses (15 hours a week for eight weeks) are in operation, and repair of trucks, tractors and automobiles (including both gasoline and diesel engines): metal work: woodworking; and electricity. Specific courses (30 hours e week for eight weeks) are in riveting; machine - shop work; welding; aircraft sheet metal work; radio service and repair.
Out-of-school youth between 17

training if they will register with the state employment service. Part-time employment for school youth and employment for out-of-school young people (with supplementary training in both instances) from 18 through 24 years of age, in direct and indirect defense trades, may be obtained through the National

and 25 years of age may get this

Youth Administration. Out-of-school, unemployed young men may also get training in the Civilian Conservation Corps if they are unmarried and between 17 and 23.

The details of each of these may be obtained from the nearest offices of the respective services, through local public school officials or through state board of vocational education officials.

All of these programs are correlated through the U.S. office of education here. In one or the other of these, there is training or employment for nearly every couth that seeks it.

### Wheeling Dictator VO-AG WORK AT YOUNGSVILLE HIN

Youngsville, Feb. 12.-The report has come from R. L. Albright, giving statistics concerning the projects and work of the Vocational Agricultural department of Youngsville high school. In 1940 there were 55 pupils envolved in this department department department department department department department department department. rolled in this department divided by classes as follows: Seniors 7; juniors 15; sophomores 14; and freshmen 19. The majority of those enrolled are out of town pupils. The department also has shop work for the junior high school boys with 28 enrolled in the ninth grade, 13 in the eighth grade and 14 in the 7th grade. In judging contests, the local school took 1st place in the coun-

ty in dairy judging and second place in poultry judging. At the Pennsylvania Show, Edward Leofsky was awarded a prize of 1st place, \$5, for potatoes; Mike Lindvoy, \$4., for 2nd in potatoes and Kenneth Brown \$1.00 for 5th place in potatoes. In wheat Henry Leofsky was given \$4.00 for 2nd place. Edward Leofsky received 1st place in the sweepstakes in potatoes

and Mike L invoy 3rd. In the project work for the summer, the Youngsville vocational department pupils had a total recepts of \$9,746.30, with a net profit of \$4,618.00. The average

net profit per boy was \$184.73. There were 38 projects which inchided potatoes, oats, corn, gardens, dairy, wheat, calves, baby chicks, farm mechanics, and home

FOUNDERS DAY Instead of as usual on Tuesday, this month's Parent-Teachers' meeting, which will be the Founders Day program, will be held at 8 p. m. Wednesday, Feb. 19th, with Miss Sara Elizabeth Rouch of the school faculty as chauman of the program committee.

There will be special music and a light luncheon as well as other interesting features.

BIBLE CONFERENCE

Rev. S. P. Weaver, former pastor of the U. B. church, now conference secretary, is conducting an interesting and inspiring series of meetings here this week in the U. B. church. Thursday he will speak on "The Psalm for Today," Friday, "The Conquering King."
There will be services Saturday

A total of 44 cases handled by the Warren Visiting Nursing Association in the months of January included 30 brought over from the previous month.

The highest total of cases was 27 under chronic medical, with 9 acute medical next in order. Three new born cases were taken care of and a like number of patients needed sunshine lamp treatments. Surgical and medical cases numbered one each

Of 140 visits paid by the nurse, 126 were for nuising care, six for social service and welfare calls, one pre-natal call, six calls to newborn babies and two Sunday visits. In addition, she numbered 40 office and telephone calls. In all, she gave II sunshine lamp treatments. Assistance at the weekly well baby clinic was one of ner important duties of the month, these sessions totaling five She also attended the monthly board meeting of the Wallen Relief Assoclation.

New cases at the baby clinic included seven babies and one child of pre-school age. There were 70 returned cases, of which 40 were babies. Five toxoids were given and four visits were made in the interest of child welfare in homes Donations during the month were sterile dressings, miscellaneous articles and the sum of \$11.

### Grange Notes

VALLEY GRANGE

Members of the Valley Grange are making plans for a Valentine party to be held at the next regular meeting on February 18, the special committee consisting of Elsie Brown, Margatet Brown and Howard Ristau, Members are asked to bring cake, cookies or sandwiches to scive with coffee At the last regular meeting of this group special committees, were appointed to plan the work of

the coming year. Members and friends gathered in the Grange hall recently to compliment Mr and Mrs. Harold Griggs, newlyweds Music and dancing was enjoyed and the committee served refreshments Gifts were then showered upon young couple expressing their popularity in the organization and

in the community.

Avenue, East

Mary Stufflebcam acting as lead-To conclude, lunch was served by FEBRUARY 22ND The American Legion working

through its 11,715 posts is going to register all of its 1,078,119 members, if possible, for national defense service. Unaffiliated World War veterans also will be asked to register. The registration will be entirely voluntary. Its purpose is to provide the local, state and national leadership of The American Legion with a complete inventory of the assets of the organization in manpower, experience and special training that could be made available to the government of needed in the defense of the na-

America's Favorite

Costume National Commander Milo J. Warner has proclaimed Saturday, February 22, the 209th anniversary of the birth of George Washington, as national defense registration day for all Legionnaires and unaffiliated World War veterans who care to do so.

On that day every American Legion post in the country will ask its membership and local World War veterans generally to fill out a questionnaire. This form will be in triplicate. It will chronicle every Legionnaire's capabilities and talents which could be used in national defense. The post will retain the original copy of the questionnaire. The second copy will go to the department headquarters. The last copy will go to national headquarters. From these copies will be compiled post, department and national indices of American Legion national defense assets. These indices will enable The American Legion quickly to locate any member or veteran for whose special services govern-mental agencies might have a

The Chief Cornplanter Post No. 135 of The American Legion in this city will undertake to register all unaffiliated Legionnaires and World War veterans in this community and surrounding area

"This is a summons for possible important service to God and Country whom we served as young men in 1917-18," Commander N. K. Wendelboe of the local post said. "I feel certain that every Legionnaire and World War veterans generally will welcome this opportunity of perhaps doing another bit for their country. We do not expect to be called for active military service Most of us are beyond that age. But there are many home defense duties to be

"I urge every Legionnaire and other interested World War veterans in this community to register on February 22. If you are going to be out of town on that date. fill out your questionnaire before you leave It is a patriotic duty, and we of The American Legion have never shirked our duty, or lagged in our patriotism. The time has come again when we may be called upon once more to stand up for America, and I am sure every Legionnaire in this community is

Feb 4 1941.

Under new regulations announced today by the police committee of the Warren borough council, young men who are 21 years of age are now eligible to apply for positions as patrolmen on the lo-

cal police force. The age limit previously had been 26 years.

It was stated that the department is now accepting applications and men who can qualify under the regulations set up by the committee may obtain application blanks from the office of the borough secretary in the municipal

ment, the applicants must have a high school education or its equivalent, and must be in good phy-

Applications should be sent to the chairman of the police committee, it was stated.

There is a vacancy on the police force, caused by the recent death of Lieut Charles B. Ackerson When this vacancy will be filled has not been announced.

This is the ninth of a series of 12 articles on the new bidding rules in the 1941 Culbertson System.

BY WM. E. MCKENNEY America's Card Authority One of the oldest rules of the Culbertson System has fallen. In the 1941 System, the automatic "bust response" to an opening twobid, has been largely abandoned

It used to be under the Culbertson rules, that if your partner made a two-bid, you had to bid two no trump if you had less than a trick and a half. Sometimes this two no trump response concealed a six or even a seven-card suit. In the 1941 requirements any sixcard suit and any fair five-card suit should be shown immediately, even though the hand is practically worthless so far as high cards are

Today's hand represents a frequent bridge tragedy. Previously East had to respond two no trump over the two spade bid, because of his weakness in high cards When West bid three hearts, East was then afraid to bid four diamonds, lest West might have a singleton or void in diamonds, and the hand would thus be played at no trump

The best place to play the hand was never discovered. In this hand West went down one at four spades, and in fact the contract cannot be made.

The new requirements would permit East to bid three diamonds over West's two spade bid, West would then raise to four diamonds and East would go to five diamonds, which contract would eas-

WIDENER, C

New Orleans. Feb. 13 -(.P)--The Texans used to playing golf in the teeth of a booming gale. viewed with satisfaction today the heavy weather descending upon the \$5,000 New Orleans Open tourna-

Although they cared little for the 'occasional rains" predicted for today they believed the disturbance which caused high winds bere and gales in their native state yesterday would increase their chances of taking major prize money, if it continued.

"If the wind blows it's Jimmy Demairt against the field," declaied P G. A. Champion Byron Nelson a Fort Worth boy now living in Toledo.

'It wouldn't be much fun playmg in a high wind but it would increase my chances of winning. admitted Dernaret a Houstonian who came from behind to win the event last year.

It is possible, by repeated process of starvation to make a worm live 20 times longer than it would

handle the job alone when officiating on the Bradfold, Kane or Warien hardwoods was given more than a little backing Tuesday night. Bill Burns, generally conceded to be the most capable whistle-tooter in this neck of the woods, did the very best he could in the Dragon-Owl clash, but due solely to the size of the court. William missed quite a few -especially for him. Bill did a great job on the foul-calling end. but he was forced to take his choice of ignoring the center line or falling behind the play. Choosing to see that play was clean on a drive toward the basket, Bill kept ahead of the offense and as a result, there was a great deal of stepping back over the center line. Johnny Nelson counted five such infractions by "Bucky" Poling in the first half, and we recall three on the part of "Sting" Brown. Another thing that would help a bit is a coat of paint on the center line of the Bradford hardwood.

We are not blind to the fact that the hiring of another official would entail an expense which would work a hardship on the athletic associations. It is a fact that basketball skates along on fairly thin ice at the box office, and that in most cases a capacity crowd is the exception rather than the rule. In addition, some of the gym- football and baseball after allnasiums seat all too few, and a full house barely covers the expenses. We wonder whether it wouldn't be feasible to engage young men, umpire, watching the center line and perhaps the sideline on one ditional release of the former Duke "Y" Toppers at Jamestown. boundary of the court. Burns told us after the game that it was one University grid star to Portsof the most strenuous evenings he has ever spent, and that he would welcome assistance when working on courts that size. The ue, where he will be playing mandouble-referee system was worked at the Northern League play-off ager until August 15. Then he'll in Kane last year, but that night five wouldn't have been enough.

Dick Ross presented us with the bowling results of the major paign kegling done in that loop. We noted that one team rolled 3.156 pins Parker as a reserve shortstop, but Browns and on to the Boston Red and lost three points, taking the first game by nine pins. The same had insisted he stay for the full Sox. Now, instead of looking forteam later in the evening rolled 3,049 and lost all four. The highest season. He then chose to "major" ward to a regular major league score we saw was 3,402 and the opposition fell down in that match, in pro football, where he has al-beith, Glenn finds himself back getting only 2996. One game was 1175. Frankie Clause rolled a ready made a name for himself in the minors. The Red Sox sent McClur ....111x 1275 104" 122 hold on fourth place with a clean by the bowline cibits. It seems that's nothing but high single came salary for the present. by the bowling editor. It seems that's nothing but high single game salary for the present. of the night in Scienton. Stan Slomeski turned in 715 in his first match and came back three hours later with 791. He had single mouth. games of 256 276 268 and 246. Other high totals were 716, 697 and 654, 691 and 602 and dozens of other totals between 640 and 610. Everybody reads the Times-Mirror. is the world's largest. The Standard Tin-Age Beers lead the league with 18 victories and no Howard Potts hit 601, but high defeats, which, in that loop, appears to be some going.

### Information On Budget Sought By Democrats

(From Page One) and Dr. Francis B. Haas, Phone 35. Masterson Transfer superintendent of public instruc-

> The Democratic action on the tax bills climaxed the fifth week of actual sessions of the legislature since it convened January 7. The House quit for the week yesterday afternoon until 9 p. m. Monday. The Senate recessed until 4 p. m. that day,

> The legislature now has 788 bills before it. 401 of them in the House and 387 in the Senate. The highest total on record for a session was in 1937 when, in six months, 6,000 bills were introduc-

The first step in the Democrats' inquiry into the budget will be taken in the Senate next Tuesday. Secretary Russell has been asked to appear before a Senate committee with information on relief. James has asked an appropriation of \$131,000,000 for the biennium. The commonwealth is spending \$208,000,000 in the current two-

year period. Rep. Achterman said "if Mr. Russell gives the information we want to the Senate then, and the Senate makes it available to us, we will not have to call him before the House. But if not, we certainly will summon him."

### SEWING PROJECT IS BEING CONSIDERED

Harrisburg, Feb. 13-(A-Settlement of an extended controversy threatening the continued employment of 12,000 women on WPA sewing projects hinged today on a conference between Governor James and a five-man House committee investigating the dis-

The WPA contends the state is paying less than its quarter share the projects expense, but Governor James argues that the commonwealth is averaging above the 25 per cent requirement in allocations to the WPA generally. The sewing projects are sched-

### TIMES TOPICS

HAND AMPUTATED Gilbert Weiler, 74, of the Weiler Farm, Yankee Bush, is in the Warren General Hospital, where he had his left hand amputated, just below the wrist, after he caught his hand in a buzz saw this morning. According to ports from the hospital, all of the fingers on the hand were cut off by the saw and the hand was so badly mutilated that it was necessary to amputate it. His condition is fairly good.
